

Geocaching Starter

The world's largest treasure hunt is hiding in plain sight. Find your first cache — and make it the start of a habit.

Millions of hidden containers are tucked under benches, hanging in trees, and waiting in park railings all over the world — each logged by GPS and waiting to be found. That's *geocaching*: a free outdoor treasure hunt anyone with a phone can play in the next ten minutes. This playbook gets you from "what's geocaching?" to your first "found it," with your Fun Ally as trail guide.

- **Get set up in minutes** with the right app and account — no gear beyond your phone.
- **Pick your first caches the smart way** so your first hunts end in "found it," not frustration.
- **Learn the unwritten rules and build a streak** — etiquette, logging, and a find goal that keeps you outdoors.
